Dear Students,
I hope you all are doing fine in this tough times.

During the week July 10-17, 2020; the end-semester assignments have to be undertaken. In the course PH201, I have already taken two assignments so nothing more. But for your final grading, I wish to know your understanding about this course.
How much did you learn?
What new knowledge did you get?
What was your level of understanding?
Did the course content was useful and interesting?
Any suggestion about the content, delivery, etc. you wish to make?

Please write your answer and submit to me through e-mail by tomorrow 07:00 pm. The report should not be more than 1 page.

With best wishes
Naveen
